Printer Setup Utility for Windows®

Printer setup made simple

By enabling you to quickly and easily configure Zebra printers, the free Zebra Setup Utility for Windows application—part of the Print DNA™ suite of tools—enhances your printer experience right out of the box.

Easy-to-use wizards quickly guide you through configuration, whether you're adding a new printer, moving an existing printer to a new location or looking to add new capabilities. Printer setup and configuration is now click-simple—no need to create and send complex command scripts.

Zebra Setup Utilities functions on a variety of Windows operating systems

- Windows 10 desktop editions
- Windows 11 desktop editions
- Windows Server 2016
- Windows Server 2019
- Windows Server 2022

Download Your Free Zebra Setup Utilities
at www.zebra.com/setup

Just Click to Configure

- Printer Settings Wizard—Intuitive wizard steps you through the printer setting configuration process. Quick and easy!

- Print Quality Wizard—Helps you set the best speed and darkness combination for your media.

- Connectivity Wizard—Guides you through configuring network and/or Bluetooth® connectivity settings, simplifying a complex task.

- Preloaded Microsoft certified Windows driver—Automatically installs printer driver when using USB plug-and-play. You don't have to do a thing.

- Quick Tools—Quick access to the most common printer diagnostic tools makes it simple to test and confirm printer configurations and control printer functions.

- Font and Graphics Downloader—Saves font and graphic details for reuse or later editing.

- File Editor and Terminal Window—Create, edit and print commands from a single window eliminating the need for separate editing and communication applications.
