Hospitality and Event Wristbands

Creating Great Guest Experiences

Managing the entry and flow of people at your attractions, festivals, resorts, or events is critical to both to safety and guest experiences. With our Z-Band® Fun or Z-Band® Splash wristbands, you can quickly identify guests, and enhance their experiences too. Easily printed, with a barcode unique to each guest, the bands allow you to:

- **Reduce ticket fraud** – tamper-proof, non-transferable, and unique to each person, the bands reduce the revenue losses associated with counterfeits and theft.

- **Ease access flow** – barcodes are scanned instantly by your teams or at fixed scanning points by guests (e.g., to access a ride queue), to expedite access and validate identification.

- **Take payments** – the bands can be pre-loaded with credit to enhance guest convenience. This also accelerates transactions, with your team scanning barcodes at payment points instead of taking cash.

- **Make it memorable** – customize your bands with unique designs.

- **Optimize costs** – barcode bands cost less than RFID solutions while offering similar capabilities.

Ideal for These Applications

- Concerts
- Amusement parks
- Theme parks
- Water parks
- Carnivals
- Fairs / festivals
- Zoos / aquariums
- Sporting events
- Resorts
- Cruise lines
- Nightclubs

Print Admission Wristbands on Demand

You can quickly and easily create wristbands using a Zebra barcode printer and direct thermal Z-Band® Fun or Z-Band Splash wristbands. The wristbands are blank and have no value until they're printed on demand. You can also create unique or limited-edition wristbands, incorporating your brand into the design, to add exclusivity to the guest experience and a memento which people may collect and keep.
