

Zebra Workcloud Timekeeping™

Time and Attendance

Simplify timekeeping processes and streamline labor operations with Workcloud Timekeeping Time and Attendance. Accurately track time entry, labor and payroll functionality to stay compliant with all applicable labor laws, rules and regulations. Stay ahead of costly fees with real-time notifications that signal when nearing non-compliance.

Keep Costs Low and Timekeeping Precise

Configure Precise Timekeeping

Ensure timekeeping is accurate and labor laws are properly enforced. Workcloud Timekeeping Time and Attendance supports punch and shift rounding, grace and warning periods, break processing and enforcement and rate processing.

Navigate Rules and Regulations with Confidence

Automatically alert on-site managers when there is an impending violation to pay rules, union contracts and other labor laws. Managers can proactively correct scheduling or timekeeping issues before facing possible non-compliance.

Collaborate Better with HR and Payroll

Perform site-wide time entry checks and verifications before releasing time data to payroll systems. Improve the accuracy of timekeeping data, reducing time spent fixing errors and facilitating better control of labor costs.

Workcloud Timekeeping in Action

See how improved timekeeping processes can optimize on-site labor operations

Manage Complex Rules

Ensure compliance with local and national labor laws and corporate rules

Keep Costs Down

Control labor costs and reduce payroll errors to help optimize labor spend

Identify Issues in Real Time

Proactively respond to impending violations to avoid fines and penalties

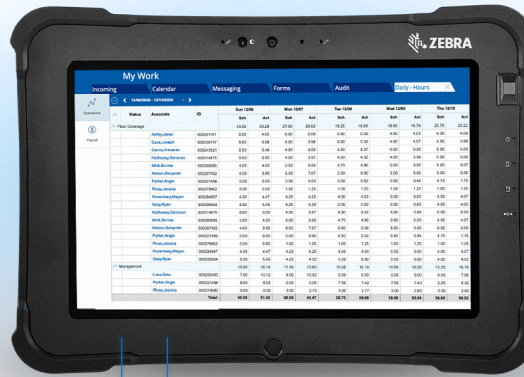

Optimize Existing Systems

Integrate with leading data collection hardware for improved accuracy

Industry-Leading Time Clocking Capabilities

Benefit from safe and efficient timekeeping capabilities, including an AI-powered Tablet Clock, with Workcloud Timekeeping. Create a secure, hygienic environment with touchless clocking. Associates can clock in and out, view meal breaks and more using:

QR codes scanned from personal devices

Voice control to enter ID and issue commands

Get Even More with our Suite of Solutions

Streamline labor scheduling and cost tracking, while aligning labor forecasts with real-time data, when you use Workcloud Timekeeping Time and Attendance alongside complementary Workcloud Workforce Optimization Suite solutions.

Deploying Workcloud Timekeeping together with Workcloud Scheduling and Workcloud Scheduling Employee Self-Service, you can:

Optimize labor spend and dedicate more time to serving customers

Give associates greater visibility into their schedules

Enhance reporting functions with Workcloud Advanced Analytics and Reporting in order to identify and respond to trends, including:

Timecard warnings, errors, missed punches and frequent absences for individuals and groups of employees

Time and attendance trends by department, location, region and division

Timecard metrics such as worked hours, paid hours/cost and non-worked hours/cost

Overtime, out-of-schedule time worked and part-time workers trending to full-time status
